

Symposium on the International Student Education Program 2020

1. Purpose:

We have been holding an international student-led symposium (ISACE) every year around March, but as in the past year, it has become difficult to hold events or domestic study tours in Corona. Therefore, we are envisioning an event focused on the international student education program itself, with a focus on faculty members. Specifically, the event is expected to include (1) regular reviews of the MEXT program, (2) reviews of the international student education programs of the majors, (3) opportunities for international students to participate in activities, and (4) reports on the activities of the international student alumni association.

2. Date and time: March 2, 2021, 13:00-15:30

3. Location: Online (Zoom webinar format, all in English)

<https://zoom.us/meeting/register/tJAtcuipqj0oHdWEo6cHiqstvijrrMcQA9Do>

After registration, you will receive a confirmation email from Zoom regarding your participation in the webinar.

4. Host: Department of Civil Engineering

5. Program:

Moderator: Prof. Yoshihide Sekimoto, FSO faculty

13:00-13:05 Opening Remarks

Prof. Yoshimitsu Tajima, Chair, Department of Civil Engineering

Part I: Current Direction of International Student Education Program

13:05-13:20 Lecture

"Recent Status of International Student Education Program in the Department of Civil Engineering"

Prof. Hironori Kato Department of Civil Engineering

13:20-13:30 Greetings (TBD)

Ministry of Education, Culture, Sports, Science and Technology

Asian Development Bank

Shimizu Corporation

Ueda Memorial Foundation

13:30-13:40 Short Talk

"ISACE's activities and the situation and innovations of student life in the Corona disaster"

ISACE Representative, Nazish Ullah (Kiyota Lab)

13:40-14:00 Short Talk

"Short presentation of students' research and daily life in the Corona disaster" (5 minutes x 4 students)

Dheeraj Joshi (MEXT, Takeuchi Lab)

Jose Maria Geda (SHIMIZU, Bridge and Wind Engineering Laboratory)

Md. Ibrahim Mostazid (ADB, Sakai Lab)

Mingfei Cai (UEDA, Sekimoto Lab)

(Break)

Part 2: Status of International Student Education Programs from the Alumni

14:10-14:25 Invited Lecture

"Looking Back on International Student Programs (tentative)"

Prof. Emeritus Yozo Fujino, University of Tokyo

14:25-14:40 Invited Lecture

"Thinking about the International Student Education Program of the Department of Civil Engineering from Overseas (tentative)"

Dr. Phan Le Binh, JICA Long-term expert – lecturer, Vietnam Japan University
(Doctor of Engineering in 2003, Transportation Lab)

14:40-14:55 Invited Lecture

"Reflecting on International Student Education Programs from Working in Japanese Companies (tentative)"

Mr. Uttam Kumar Dwivedi, Team Leader (scai project), Hazama Ando Corporation
(Master of Engineering in 2018, Sekimoto Lab)
